

TIMELY APPLICATION OF TECHNOLOGY

Chesterfield has ensured timely application of technological innovations by establishing linkage of all its operations through online networks. It has applied appropriate technology to create sophisticated training modules for its home health care staff.

Chesterfield remains firmly steered on course towards its vision of providing the best possible home based health care to the people of the Northwest. Chesterfield places Quality-Assurance at the center of all its operations and every employee is committed to total compliance with the standards and measures demanded by its total quality management programs.

QUALITY OF LIFE

Quality of life through individual choice, comfort, and safety is our ultimate assurance. As we uphold independence, we also maintain dignity and respect for our Clients at every stage of life.

**CHESTERFIELD
 HEALTH SERVICES**

QUALITY YOU CAN TRUST

A combination of physical, social and emotional needs of those we serve.

Strictly adheres to its motto of

“Never take your eyes away from the Client’s care”

through employees’ commitment to quality standards and maintaining positive attitudes.

WHAT MAKES US UNIQUE

Quality service is our priority. For our clients we offer opportunities for independent living, comfort, and safety, all within the enabling environment of their homes.

Chesterfield offers an integrated care system with professional precision and finesse.

Comprehensive community centered care by a committed bilingual staff that has been molded through cross cultural and diversity training equipping them with the ability to handle any multicultural situation.

SKILLS PROFICIENCY AND MULTIDISCIPLINARY CARE

Chesterfield's Managers, Supervisors, and Caregivers have been accorded the best skills capability and are able to deal with any complex challenges whilst providing a multidisciplinary service that embraces emotional needs along with the demands of physical well-being.

In its ten years of operations, Chesterfield now provides licensed healthcare services throughout nineteen counties in the state of Washington.

In spreading out its offices to various parts of the state, Chesterfield is able to stay close to the communities it serves and avails easy access to the Clients. It readily adapts to the local conditions. Our goal is to bridge the gap between hospital and home.

We strive to provide the highest quality of care within our clients' homes.

Through good listening, open mindedness, and quality assurance, Chesterfield offers commitment to improve the lives of those we serve.

UNIFIED HEALTHCARE

As part of its unified healthcare, Chesterfield offers skilled nursing, pharmaceutical services and supplies, and medical equipment. This sets it apart in its uniqueness amongst other agencies.

Chesterfield's pharmacy staff has extensive experience in servicing the needs of the long-term care community.
